

How to Make the Heavy Construction Prevailing Wage Information into a Book

The 2004 Montana Heavy Construction Prevailing Wage information is only available on line. However, you may print out the information and place it into a book format.

To do this, please print off using the landscape orientation. Next, staple at the top of the publication or use your own comb binding and you now have the information in book format.

MONTANA 2004 HEAVY CONSTRUCTION

PREVAILING WAGE BOOK

MONTANA PREVAILING WAGE ¹ RATES

Heavy Construction

MONTANA PREVAILING WAGE REQUIREMENTS

Heavy Construction

The Commissioner of the Department of Labor and Industry, in accordance with Sections 18-2-401 and 18-2-402 of the Montana Code Annotated, has determined the standard prevailing rate of wages for the occupations listed in this publication.

The wages specified herein control the prevailing rate of wages for the purposes of 18-2-401, et seq., Montana Code Annotated. It is required that each employer pay, as a minimum, the rate of wages, including fringe benefits and zone pay applicable to those occupations in which the work is being performed, as provided in the attached wage determinations.

All Montana Prevailing Wage Rates are available on the Internet at: www.ourfactsyourfuture.org/pw or by contacting the Research and Analysis Bureau at (800) 541-3904 or TDD (406) 444-0532.

In addition, this publication provides general information concerning compliance with Montana’s Prevailing Wage Law and payment of prevailing wages. For detailed compliance information relating to Public Works projects and payment of prevailing wage rates, please consult the Regulations on the Internet at: www.mtwagehourbopa.com or contact the Labor Standards Bureau at (406) 444-5600 or TDD (406) 444-5549.

WENDY KEATING
Commissioner
Department of Labor and Industry
State of Montana

Rates Effective Aug. 6, 2004

4

A. Date of Publication: Aug. 6, 2004

B. Definition of Heavy Construction

For the purposes of Prevailing Wage, the Commissioner of Labor and Industry has determined that Heavy occupations are those rates that pertain to projects involved in construction fields other than building and residential. Federal Davis-Bacon wage rates as published in U.S. Department of Labor General Wage Decision No. MT20030001 Modification No. 0 have been adopted by the Montana Department of Labor and Industry for use in Heavy Construction projects and are included in this publication. These rates apply statewide or as shown in MT20030001 Modification No. 0.

C. Definition of Public Works Projects

Contracts entered into for construction services (Heavy, Highway and Building) or Nonconstruction Services by the state, county, municipality, school district, or political subdivision in which the total cost of the contract is \$25,000 or more involving public funds.

D. Prevailing Wage Schedule

This publication covers only Heavy Construction occupations and rates in the specific localities mentioned herein. These rates will remain in effect until superseded by a more current publication. Current prevailing wage rates schedules for Building Construction, Highway Construction and Nonconstruction Services occupations can be found on the Internet at www.ourfactsyourfuture.org/pw or by contacting the Research and Analysis Bureau at (800) 541-3904 or TDD (406)4 44-0532.

Rates Effective Aug. 6, 2004

5

E. Fringe Benefits

Section 18-2-412 of the Montana Code Annotated states that:

“(1)... a contractor or subcontractor may: (a) pay the amount of fringe benefits and the basic hourly rate of pay that is part of the standard prevailing rate of wages directly to the worker or employee in cash;

(b) make an irrevocable contribution to a trustee or a third person pursuant to a fringe benefit fund, plan, or program that meets the requirements of the Employee Retirement Income Security Act of 1974 or that is a bona fide program approved by the United States department of labor; or

(c) make payments using any combination of methods set forth in subsections (1)(a) and (1)(b) so that the aggregate of payments and contributions is not less than the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions that meet the requirements of the Employee Retirement Income Security Act of 1974, travel, or other bona fide programs approved by the United States department of labor, that is applicable to the district for the particular type of work being performed.

(2) The fringe benefit fund, plan, or program described in subsection (1)(b) must provide benefits to workers or employees for health care, pensions on retirement or death, life insurance, disability and sickness insurance, or bona fide programs that meet the requirements of the Employee Retirement Income Security Act of 1974 or that are approved by the United States department of labor.”

Employers are obligated to pay the wage rates and fringes as listed in the booklet, including the zone hourly rate when applicable. For heavy and highway construction occupations, the vacation benefit amount is **not** included in the prevailing wage rate, unless stated otherwise.

Fringe benefits are paid for all hours worked (straight time and overtime hours). However, fringe benefits are not to be considered a part of the hourly rate of pay for calculating overtime, unless there is a collectively bargained agreement in effect that specifies otherwise.

F. Apprentices

Wage rates for apprentices registered in approved federal or state apprenticeship programs are contained in those programs. However, apprentices not registered in approved federal or state apprenticeship programs will be paid the prevailing wage rate when working on a public works contract.

G. Posting Notice of Prevailing Wages

Section 18-2-406, Montana Code Annotated, provides that contractors, subcontractors, and employers who are performing work or providing services under public works contracts as provided in this part shall post in a prominent and accessible site on the project or work area, not later than the first day of work, a legible statement of all wages to be paid to the employees on such site or work area.

H. Employment Preference

Section 18-2-403, Montana Code Annotated requires contractors to give preference to the employment of bona fide Montana residents in the performance of work on public works contracts.

I. Rates to Use for Projects

Rates to be used on a public works project are those that are in effect at the time the project and bid specifications are advertised.

MONTANA STATEWIDE PREVAILING

DAVIS-BACON

HEAVY CONSTRUCTION WAGE RATES

General Wage Determinations Issued Under
the Davis-Bacon and Related Acts

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D.C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D.C. 20210

Rates Effective Aug. 6, 2004

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D.C. 20210

4.) All decisions by the Administrative Review Board are final.
END OF GENERAL DECISION
